To whom it may concern,

As the President of the Annapolis Valley Exhibition Society, it is a great pleasure to support a wonderful person who has worked for us the past two seasons. Michele Roosje has had seasonal employment with us as a mature student. Michele is diligent on completing her assignments as she helped in a busy, chaotic environment. She is kind, quiet, patient and functions well under stress. She also has a passive nature which helps calm others. Michele is very capable and willing to work through problems but is not afraid to ask for help.

This summer she stepped up as interim manager to replace the general manager who went on leave unexpectedly. This added a lot to her workload and took her from her designated tasks, however, she proved her dedication to the project. I am very proud of her and her accomplishment. I highly recommend Michele to the work force. Her future employers will be very fortunate to have her as she is a very versatile worker and a wonderful person.

John Bruce

President Annapolis Valley Exhibition Society
